To relieve the existing national economic emergency by increasing agricultural purchasing power, to raise revenue for extraordinary expenses incurred by reason of such emergency, to provide emergency relief with respect to agricultural indebtedness, to provide for the orderly liquidation of joint-stock land banks, and for other purposes.

Agricultural Adjustment Act. *Post*, pp. 199, 354.

TITLE I—AGRICULTURAL ADJUSTMENT

AGRICULTURAL ADJUSTMENT.

DECLARATION OF EMERGENCY

Declaration of emergency.

That the present acute economic emergency being in part the consequence of a severe and increasing disparity between the prices of agricultural and other commodities, which disparity has largely destroyed the purchasing power of farmers for industrial products, has broken down the orderly exchange of commodities, and has seriously impaired the agricultural assets supporting the national credit structure, it is hereby declared that these conditions in the basic industry of agriculture have affected transactions in agricultural commodities with a national public interest, have burdened and obstructed the normal currents of commerce in such commodities, and render imperative the immediate enactment of title I of this Act.

Declaration of policy.

DECLARATION OF POLICY

SEC. 2. It is hereby declared to be the policy of Congress—

Balance between production and consumption to be established, etc.

(1) To establish and maintain such balance between the production and consumption of agricultural commodities, and such marketing conditions therefor, as will reestablish prices to farmers at a level that will give agricultural commodities a purchasing power with respect to articles that farmers buy, equivalent to the purchasing power of agricultural commodities in the base period. The base period in the case of all agricultural commodities except tobacco shall be the prewar period, August 1909–July 1914. In the case of tobacco, the base period shall be the postwar period, August 1919–July 1929.

Correcting present inequalities.

(2) To approach such equality of purchasing power by gradual correction of the present inequalities therein at as rapid a rate as is deemed feasible in view of the current consumptive demand in domestic and foreign markets.

Protecting consumers' interest.

(3) To protect the consumers' interest by readjusting farm production at such level as will not increase the percentage of the consumers' retail expenditures for agricultural commodities, or products derived therefrom, which is returned to the farmer, above the percentage which was returned to the farmer in the prewar period, August 1909–July 1914.

PROCESSING TAX

Processing tax.

SEC. 9. (a) To obtain revenue for extraordinary expenses incurred by reason of the national economic emergency, there shall be levied processing taxes as hereinafter provided. When the Secretary of Agriculture determines that rental or benefit payments are to be made with respect to any basic agricultural commodity, he shall proclaim such determination, and a processing tax shall be in effect with respect to such commodity from the beginning of the marketing year therefor next following the date of such proclamation. The processing tax shall be levied, assessed, and collected upon the first domestic processing of the commodity, whether of domestic production or imported, and shall be paid by the processor. The rate of tax shall conform to the requirements of subsection (b). Such rate shall be determined by the Secretary of Agriculture as of the date the tax first takes effect, and the rate so determined shall, at such intervals as the Secretary finds necessary to effectuate the declared policy, be adjusted by him to conform to such requirements. The processing tax shall terminate at the end of the marketing year current at the time the Secretary proclaims that rental or benefit payments are to be discontinued with respect to such commodity. prescribed by regulations of the Secretary of Agriculture: *Provided*, That upon any article upon which a manufacturers' sales tax is levied under the authority of the Revenue Act of 1932 and which manufacturers' sales tax is computed on the basis of weight, such manufacturers' sales tax shall be computed on the basis of the weight of said finished article less the weight of the processed cotton contained therein on which a processing tax has been paid.

Rate to equal difference between current farm price and fair exchange value. Factors to be considered. *Post*, p. 671.

(b) The processing tax shall be at such rate as equals the difference between the current average farm price for the commodity and the fair exchange value of the commodity; except that if the Secretary has reason to believe that the tax at such rate will cause such reduction in the quantity of the commodity or products thereof domestically consumed as to result in the accumulation of surplus stocks of the commodity or products thereof or in the depression of the farm price of the commodity, then he shall cause an appropriate investigation to be made and afford due notice and opportunity for hearing to interested parties. If thereupon the Secretary finds that such result will occur, then the processing tax shall be at such rate as will prevent such accumulation of surplus stocks and depression of the farm price of the commodity. In computing the current average farm price in the case of wheat, premiums paid producers for protein content shall not be taken into account.

SEC. 15. (a) If the Secretary of Agriculture finds, upon investigation at any time and after due notice and opportunity for hearing to interested parties, that any class of products of any commodity is of such low value compared with the quantity of the commodity used for their manufacture that the imposition of the processing tax would prevent in whole or in large part the use of the commodity in the manufacture of such products and thereby substantially reduce consumption and increase the surplus of the commodity, then the Secretary of Agriculture shall so certify to the Secretary of the Treasury, and the Secretary of the Treasury shall abate or refund any processing tax assessed or paid after the date of such certification with respect to such amount of the commodity as is used in the manufacture of such products.

No tax on processing by producers for home consumption.

(d) The Secretary of Agriculture shall ascertain from time to time whether the payment of the processing tax upon any basic agricultural commodity is causing or will cause to the processors thereof disadvantages in competition from competing commodities by reason of excessive shifts in consumption between such commodities or products thereof. If the Secretary of Agriculture finds, after investigation and due notice and opportunity for hearing to interested parties, that such disadvantages in competition exist, or will exist, he shall proclaim such finding. The Secretary shall specify in this proclamation the competing commodity and the compensating rate of tax on the processing thereof necessary to prevent such

SEC. 26. Section 7 of the Federal Farm Loan Act, as amended, is amended by striking out the last paragraph and inserting in lieu thereof the following new paragraphs:

Direct loans on first mortgages to farmers unable to apply to Federal land bank, etc.

"Whenever it shall appear to the Farm Loan Commissioner that national farm-loan associations have not been formed in any locality in the continental United States, or that the farmers residing in the territory covered by the charter of a national farm-loan association are unable to apply to the Federal land bank of the district for loans on account of the inability of the bank to accept applications from such association, the Farm Loan Commissioner shall authorize said bank to make direct loans to borrowers secured by first mortgages on farm lands situated within any such locality or territory. Except as herein otherwise specifically provided, all provisions of this Act applicable with respect to loans made through national farm-loan associations shall, insofar as practicable, apply with respect to such direct loans, and the Farm Loan Commissioner is authorized to make such rules and regulations as he may deem necessary with respect to such direct loans.

Provisions governing.

Interest rate.

"The rate of interest on such direct loans made at any time by any Federal land bank shall be one-half of 1 per centum per annum in excess of the rate of interest charged to borrowers on mortgage loans made at such time by the bank through national farm-loan associations.

Such stock shall be held by such Federal land bank as collateral security for the loan of the borrower and shall participate in all dividends. Upon full payment of the loan such stock shall, if still outstanding, be canceled at par, or, in the event that such stock shall have become impaired, at the estimated value thereof as approved by the Farm Loan Commissioner, and the proceeds thereof shall be paid to the borrower.

"Each such borrower may covenant in his mortgage that, whenever there are ten or more borrowers who have obtained from a Federal land bank direct loans under the provisions of this section aggregating not less than $20,000, and who reside in a locality which may, in the opinion of the Farm Loan Commissioner, be conveniently covered by the charter of and served by a national farm-loan association, he will unite with such other borrowers to form a national farm-loan association. Such borrowers shall organize the association subject to the requirements and the conditions specified in this section, so far as the same may be applicable, and in accordance with rules and regulations of the Farm Loan Commissioner. As soon as the organization of the association has been approved by the Farm Loan Commissioner, the stock in the Federal land bank held by each of the members of such association shall be canceled at par, and in lieu thereof the bank shall issue in the name of the association an equal amount of stock in said bank, which stock shall be held by said bank as collateral security as provided in this section with respect to other loans through national farm-loan associations. Thereupon there shall be issued to each such member an amount of capital stock in the association equal to the amount which he previously held in said bank, which stock shall be held by said association as collateral security as provided in section 8 of this Act. The board of directors of said association shall adopt a resolution authorizing and directing its secretary-treasurer on behalf of said association to endorse, and thereby become liable for the payment of, the mortgages taken from its charter members by the Federal land bank. When it shall appear to the satisfaction of the Farm Loan Commissioner that all the foregoing conditions have been complied with, and upon the granting of the charter by the Farm Loan Commissioner, the interest rate paid by each charter member of such association whose loan is in good standing shall, beginning with his next regular installment date, be reduced to the rate of interest paid by borrowers on new loans made through national farm-loan associations in the same Federal land-bank district at the time the said loan was made to such charter member.

JOINT RESOLUTION

Granting the consent of Congress to a compact or agreement between the State of Kansas and the State of Missouri authorizing the acceptance for and on behalf of the States of Kansas and Missouri of title to a toll bridge across the Missouri River from a point in Platte County, Missouri, to a point at or near Kansas City, in Wyandotte County, Kansas, and specifying the conditions thereof.

May 29, 1933.
[H.J.Res. 159.]
[Pub. Res., No. 8.]

Missouri River.
Consent granted to agreement by Kansas and Missouri for acceptance of bridge across.
Vol. 45, pp. 704, 1530; Vol. 46, p. 835.

Whereas by an Act of Congress approved May 22, 1928, a franchise was granted to the Interstate Bridge Company for the construction of a toll bridge across the Missouri River at or near Kansas City, Kansas, which has been extended by the Acts of March 2, 1929, and June 30, 1930, and which is now owned by the Regional Bridge Company, a corporation organized and existing under the laws of the State of Delaware, as assignee of the Interstate Bridge Company; and

Whereas authority has been granted the State Highway Commission of Kansas by an act of the Legislature of the State of Kansas, approved March 24, 1933, and published in the official State paper on March 27, 1933, and to the State Highway Commission of Missouri by an identical act, mutatis mutandis, of the General Assembly of the State of Missouri, approved April 17, 1933, to include in the highway systems of the respective States of Kansas and Missouri any toll bridge across any river forming a common boundary between the two States; to join in entering into contracts with the owner of any such toll bridge and with the holders of any bonds issued in connection with the construction of such bridge, by the terms of which the State Highway Commissions of Kansas and Missouri shall maintain, operate, and insure such bridge, and fix and collect and apply tolls thereon, and shall construct, maintain, and operate as free State highways, approaches thereto, and shall make and treat as part of the highway system of their respective States such entire bridge and any part of such approaches lying within their respective States; and to accept conveyance of title to and ownership of any such bridge or part thereof situated within their respective States, subject to any encumbrance against any such bridge and pledge of its tolls previously executed; and

Whereas Regional Bridge Company has obtained an agreement from the Reconstruction Finance Corporation of the United States to aid in financing the construction of a bridge under the franchise granted by the Act of May 22, 1928, and extensions thereof, under authority of the Act of Congress known as the "Emergency Relief and Construction Act of 1932", by purchasing at par the bonds of Regional Bridge Company, secured by mortgage on such bridge,

in the amount of $600,000, upon condition that certain requirements be met and agreed to by the States of Kansas and Missouri; and

Whereas the Legislature of the State of Kansas and the General Assembly of the State of Missouri, to make effective the acts of their respective legislative bodies herein cited and to meet the requirements imposed by the Reconstruction Finance Corporation have each adopted the following resolution:

Whereas Regional Bridge Company, a corporation organized and existing under the laws of the State of Delaware, is the owner and holder of a franchise granted by the Congress of the United States to construct (according to plans approved by the War Department of the United States), maintain, and operate a toll bridge across the Missouri River from a point at or near Kansas City in Wyandotte County, Kansas, to a point in Platte County, Missouri; and

Whereas Regional Bridge Company desires to commence the construction of such bridge as soon as the same is fully financed; and

Whereas Reconstruction Finance Corporation of the United States has agreed with Regional Bridge Company to aid in financing the construction of such bridge, under authority of the Act of Congress known as the "Emergency Relief and Construction Act of 1932", by purchasing at par the bonds of Regional Bridge Company, secured by mortgage on such bridge, in the amount of $600,000; but

Whereas Reconstruction Finance Corporation has imposed certain requirements, to be met and agreed to by the States of Missouri and Kansas, as conditions precedent to its purchase of such bonds; and

Whereas inasmuch as such bridge will form an important link in and improvement to the highway systems of the States of Missouri and Kansas, and will be of benefit and advantage to the citizens of both, and the public, and inasmuch as Regional Bridge Company, by resolution duly passed by the unanimous vote of its stockholders, has agreed to transfer and convey such bridge, free of cost, to the State Highway Commissions of Missouri and of Kansas, on behalf of such States of Missouri and Kansas, jointly, such conveyance to be made as soon as such mortgage shall have been properly recorded in both Missouri and Kansas, subject to the right of and duty upon Regional Bridge Company fully to complete the construction of such bridge, it is to the interest and benefit of the States of Missouri and Kansas, and the citizens of both, that the States of Missouri and Kansas meet and agree to the requirements of the Reconstruction Finance Corporation, as conditions precedent to the purchase of such bonds: Now, therefore

In consideration of the benefits and advantages accruing to the States of Missouri and Kansas, and the citizens of both, and in consideration of the adoption of this resolution by both the States of Missouri and Kansas, the States of Missouri and Kansas, hereby enter into the following compact and agreement:

Be it resolved by the Senate of the State of Kansas, the House of Representatives agreeing thereto:

per annum, and shall be fully and unconditionally guaranteed as to interest only by the United States, and such guaranty shall be expressed on the face thereof. In the event that the Corporation shall be unable to pay upon demand, when due, the interest on any such bonds, the Secretary of the Treasury shall pay to the Corporation the amount of such interest, which is hereby authorized to be appropriated out of any money in the Treasury not otherwise appropriated, and the Corporation shall pay the amount of such interest to the holders of the bonds. Upon the payment of such interest by the Secretary of the Treasury the amount so paid shall become an obligation to the United States of the Corporation and shall bear interest at the same rate as that borne by the bonds upon which the interest has been so paid. The bonds issued by the Corporation under this subsection shall be exempt, both as to principal and interest, from all taxation (except surtaxes, estate, inheritance, and gift taxes) now or hereafter imposed by the United States or any District, Territory, dependency, or possession thereof, or by any State, county, municipality, or local taxing authority. The Corporation, including its franchise, its capital, reserves and surplus, and its loans and income, shall likewise be exempt from such taxation; except that any real property of the Corporation shall be subject to taxation to the same extent, according to its value, as other real property is taxed.

(d) The Corporation is authorized, for a period of three years after the date of enactment of this Act, (1) to acquire in exchange for bonds issued by it, home mortgages and other obligations and liens secured by real estate (including the interest of a vendor under a purchase-money mortgage or contract) recorded or filed in the proper office or executed prior to the date of the enactment of this Act, and (2) in connection with any such exchange, to make advances in cash to pay the taxes and assessments on the real estate, to provide for necessary maintenance and make necessary repairs, to meet the incidental expenses of the transaction, and to pay such amounts, not exceeding $50, to the holder of the mortgage, obligation, or lien acquired as may be the difference between the face value of the bonds exchanged plus accrued interest thereon and the purchase price of the mortgage, obligation, or lien. The face value of the bonds so exchanged plus accrued interest thereon and the cash so advanced shall not exceed in any case $14,000, or 80 per centum of the value of the real estate as determined by an appraisal made by the Corporation, whichever is the smaller. In any case in which the amount of the face value of the bonds exchanged plus accrued interest thereon and the cash advanced is less than the amount the home owner owes with respect to the home mortgage or other obligation or lien so acquired by the Corporation, the Corporation shall credit the difference between such amounts to the home owner and shall reduce the amount owed by the home owner to the Corporation to that extent. Each home mortgage or other obligation or lien so acquired shall be carried as a first lien or refinanced as a home mortgage by the Corporation on the basis of the price paid therefor by the Corporation, and shall be amortized by means of monthly payments sufficient to retire the interest and principal within a period of not to exceed fifteen years; but the amortization payments of any home owner may be made quarterly, semiannually, or annually, if in the judgment of the Corporation the situation of the home owner requires it. Interest on the unpaid balance of the obligation of the home owner to the Corporation shall be at a rate not exceeding 5 per centum per annum. The Corporation may at any time grant an extension of time to any home owner for the payment of any installment of principal or interest owed by him to the Corporation if, in

the judgment of the Corporation, the circumstances of the home owner and the condition of the security justify such extension, and no payment of any installment of principal shall be required during the period of three years from the date this Act takes effect if the home owner shall not be in default with respect to any other condition or covenant of his mortgage. As used in this subsection, the term "real estate" includes only real estate held in fee simple or on a leasehold under a lease renewable for not less than ninety-nine years, upon which there is located a dwelling for not more than four families used by the owner as a home or held by him as a homestead and having a value not exceeding $20,000. (e) The Corporation is further authorized, for a period of three years from the date of enactment of this Act, to make loans in cash subject to the same limitations and for the same purposes for which cash advances may be made under subsection (d) of this section, in cases where the property is not otherwise encumbered; but no such loan shall exceed 50 per centum of the value of the property securing the same as determined upon an appraisal made by the Corporation. Each such loan shall be secured by a duly recorded home mortgage, and shall bear interest at the same rate and shall be subject to the same provisions with respect to amortization and extensions as are applicable in the case of obligations refinanced under subsection (d) of this section.

Each such loan shall be secured by a duly recorded home mortgage and shall bear interest at a rate of interest which shall be uniform throughout the United States, but which in no event shall exceed a rate of 6 per centum per annum, and shall be subject to the same provisions with respect to amortization and extensions as are applicable in cases of obligations refinanced under subsection (d) of this section.

Such bonds may be registerable as to principal alone or both principal and interest, and shall be in such form not inconsistent with this Act, and be payable at such place or places as the Commission may determine. The Commission may repurchase and may reserve the right to redeem all or any of said bonds before maturity at prices not exceeding one hundred and five and accrued interest. The Commission may enter into an agreement with any bank or trust company in the United States as trustee having the power to make such agreement, setting forth the duties of the Commission in respect of the construction, maintenance, operation, repair, and insurance of the bridge and/or the ferry or ferries, the conservation and application of all funds, the safeguarding of moneys on hand or on deposit, and the rights and remedies of said trustee and the holders of the bonds, restricting the individual right of action of the bondholders as is customary in trust agreements respecting bonds of corporations. "Any mutual savings bank having no capital stock (including any other banking institution the capital of which consists of weekly or other time deposits which are segregated from all other deposits and are regarded as capital stock for the purposes of taxation and the declaration of dividends), but having surplus and undivided profits not less than the amount of capital required for the organization of a national bank in the same place, may apply for and be admitted to membership in the Federal Reserve System in the same manner and subject to the same provisions of law as State banks and trust companies, except that any such savings bank shall subscribe for capital stock of the Federal reserve bank in an amount equal to six-tenths of 1 per centum of its total deposit liabilities as shown by the most recent report of examination of such savings bank preceding its admission to membership. Thereafter such subscription shall be adjusted semiannually on the same percentage basis in accordance with rules and regulations prescribed by the Federal Reserve Board. If any such mutual savings bank applying for membership is not permitted by the laws under which it was organized to purchase stock in a Federal reserve bank, it shall, upon admission to the system, deposit with the Federal reserve bank an amount equal to the amount which it would have been required to pay in on account of a subscription to capital stock. Thereafter such deposit shall be adjusted semiannually in the same manner as subscriptions for stock. Such deposits shall be subject to the same conditions with respect to repayment as amounts paid upon subscriptions to capital stock by other member banks and the Federal reserve bank shall pay interest thereon at the same rate as dividends are actually paid on outstanding shares of stock of such Federal reserve bank. If the laws under which any such savings bank was organized be amended so as to authorize mutual savings banks to subscribe for Federal reserve bank stock, such savings bank shall thereupon subscribe for the appropriate amount of stock in the Federal reserve bank, and the deposit hereinbefore provided for in lieu of payment upon capital stock shall be applied upon such subscription. If the laws under which any such savings bank was organized be not amended at the next session of the legislature following the admission of such savings bank to membership so as to authorize mutual savings banks to purchase

Federal reserve bank stock, or if such laws be so amended and such bank fail within six months thereafter to purchase such stock, all of its rights and privileges as a member bank shall be forfeited and its membership in the Federal Reserve System shall be terminated in the manner prescribed elsewhere in this section with respect to State member banks and trust companies. Each such mutual savings bank shall comply with all the provisions of law applicable to State member banks and trust companies, with the regulations of the Federal Reserve Board and with the conditions of membership prescribed for such savings bank at the time of admission to membership, except as otherwise hereinbefore provided with respect to capital stock.

tions provided for it in this paragraph. For the purposes of this subsection, the term 'insured deposit liability' shall mean with respect to the owner of any claim arising out of a deposit liability of such closed bank the following percentages of the net amount due to such owner by such closed bank on account of deposit liabilities: 100 per centum of such net amount not exceeding $10,000; and 75 per centum of the amount, if any, by which such net amount exceeds $10,000 but does not exceed $50,000; and 50 per centum of the amount, if any, by which such net amount exceeds $50,000: *Provided*, That, in determining the amount due to such owner for the purpose of fixing such percentage, there shall be added together all net amounts due to such owner in the same capacity or the same right, on account of deposits, regardless of whether such deposits be maintained in his name or in the names of others for his benefit. For the purposes of this subsection, the term 'insured deposit liabilities' shall mean the aggregate amount of all such insured deposit liabilities of such closed bank. The Corporation shall determine as expeditiously as possible the net amounts due to depositors of the closed bank and shall make available to the new bank an amount equal to the insured deposit liabilities of such closed bank, whereupon such new bank shall assume the insured deposit liability of such closed bank to each of its depositors, and the Corporation shall be subrogated to all rights against the closed bank of the owners of such deposits and shall be entitled to receive the same dividends from the proceeds of the assets of such closed bank as would have been payable to each such depositor until such dividends shall equal the insured deposit liability to such depositor assumed by the new bank, whereupon all further dividends shall be payable to such depositor. Of the amount thus made available by the Corporation to the new bank, such portion shall be paid to it in cash as may be necessary to enable it to meet immediate cash demands and the remainder shall be credited to it on the books of the Corporation subject to withdrawal on demand and shall bear interest at the rate of 3 per centum per annum until withdrawn. The new bank may, with the approval of the Corporation, accept new deposits, which, together with all amounts made available to the new bank by the Corporation, shall be kept on hand in cash, invested in direct obligations of the United States, or deposited with the Corporation or with a Federal reserve bank. Such new bank shall maintain on deposit with the Federal reserve bank of its district the reserves required by law of member banks but shall not be required to subscribe for stock of the Federal reserve bank until its own capital stock has been subscribed and paid for in the manner hereinafter provided. The articles of association and organization certificate of such new bank may be executed by such representatives of the Corporation as it may designate; the new bank shall not be required to have any directors at the time of its organization, but shall be managed by an executive officer to be designated by the Corporation; and no capital stock need be paid in by the Corporation; but in other respects such bank shall be organized in accordance with the existing provisions of law relating to the organization of national banks; and, until the requisite amount of capital stock for such bank has been subscribed and paid for in the manner hereinafter provided, such bank shall transact no business except that authorized by this subsection and such business as may be incidental to its organization. When in the judgment of the Corporation it is desirable to do so, the Corporation shall offer capital stock of the new bank for sale on such terms and conditions as the Corporation shall deem advisable, in an amount sufficient in the opinion of the Corporation to make possible the conduct

Upon proof that an adequate amount of capital stock of the new bank has been subscribed and paid for in cash by subscribers satisfactory to the Comptroller of the Currency, he shall issue to such bank a certificate of authority to commence business and thereafter it shall be managed by directors elected by its own shareholders and may exercise all of the powers granted by law to national banking associations. If an adequate amount of capital for such new bank is not subscribed and paid in, the Corporation may offer to transfer its business to any other banking institution in the same place which will take over its assets, assume its liabilities, and pay to the Corporation for such business such amount as the Corporation may deem adequate. It shall be the duty of the Corporation to realize upon the assets of such closed bank, having due regard to the condition of credit in the district in which such closed bank is located; to enforce the individual liability of the stockholders and directors thereof; and to wind up the affairs of such closed bank in conformity with the provisions of law relating to the liquidation of closed national banks, except as herein otherwise provided, retaining for its own account such portion of the amount realized from such liquidation as it shall be entitled to receive on account of its subrogation to the claims of depositors and paying to depositors and other creditors the amount available for distribution to them, after deducting therefrom their share of the costs of the liquidation of the closed bank. If the total amount realized by the Corporation on account of its subrogation to the claims of depositors be less than the amount of the estimate hereinabove provided for, the deposit insurance account shall be charged with the deficiency and, if the total amount so realized shall exceed the amount of such estimate, such account shall be credited with such excess. With respect to such closed national banks, the Corporation shall have all the rights, powers, and privileges now possessed by or hereafter given receivers of insolvent national banks and shall be subject to the obligations and penalties not inconsistent with the provisions of this paragraph to which such receivers are now or may hereafter become subject.

TITLE II—AMENDMENTS TO INTERSTATE COMMERCE ACT

TITLE II—Interstate Commerce Act amendments.

SECTION 201. Section 5 of the Interstate Commerce Act, as amended (U.S.C., title 49, sec. 5), is amended by striking out paragraphs (2) and (3) and by renumbering paragraphs (4) and (5) as paragraphs (2) and (3), respectively, and by striking out the last sentence of the paragraph so renumbered as paragraph (3).

Vol. 24, p. 380.
U. S. C., p. 1655.

SEC. 202. Such section 5 is further amended by striking out paragraphs (6), (7), and (8), and by inserting in lieu thereof the following paragraphs:

Combination, consolidation, etc.

"(4) (a) It shall be lawful, with the approval and authorization of the Commission, as provided in subdivision (b), for two or more carriers to consolidate or merge their properties, or any part thereof, into one corporation for the ownership, management, and operation of the properties theretofore in separate ownership; or for any carrier, or two or more carriers jointly, to purchase, lease, or contract to operate the properties, or any part thereof, of another; or for any carrier, or two or more carriers jointly, to acquire control of another through purchase of its stock; or for a corporation which is not a carrier to acquire control of two or more carriers through ownership of their stock; or for a corporation which is not a carrier and which has control of one or more carriers to acquire control of another carrier through ownership of its stock.

Mergers authorized.
Contract to operate another's properties.
Acquire control, through purchase of stock.
Holding companies, etc.

"(b) Whenever a consolidation, merger, purchase, lease, operating contract, or acquisition of control is proposed under subdivision (a), the carrier or carriers or corporation seeking authority therefor shall present an application to the Commission, and thereupon the Commission shall notify the Governor of each State in which any part of the properties of the carriers involved in the proposed transaction is situated, and also such carriers and the applicant or applicants, of the time and place for a public hearing. If after such hearing the Commission finds that, subject to such terms and conditions and such modifications as it shall find to be just and reasonable, the proposed consolidation, merger, purchase, lease, operating contract, or acquisition of control will be in harmony with and in furtherance of the plan for the consolidation of railway properties established pursuant to paragraph (3), and will promote the public interest, it may enter an order approving and authorizing such consolidation, merger, purchase, lease, operating contract, or acquisition of control, upon the terms and conditions and with the modifications so found to be just and reasonable.

Application for authority to be made to Commission.
Notices to governors of States, etc.
Approval, if in harmony with Commission's plan, and in public interest.
Terms and conditions.

"(5) Whenever a corporation which is not a carrier is authorized, by an order entered under paragraph (4), to acquire control of any carrier or of two or more carriers, such corporation thereafter shall, to the extent provided by the Commission, for the purposes of paragraphs (1) to (10), inclusive, of section 20 (relating to reports, accounts, and so forth, of carriers), including the penalties applicable in the case of violations of such paragraphs, be considered as

a common carrier subject to the provisions of this Act, and for the purposes of paragraphs (2) to (11), inclusive, of section 20a (relating to issues of securities and assumptions of liability of carriers), including the penalties applicable in the case of violations of such paragraphs, be considered as a 'carrier' as such term is defined in paragraph (1) of such section, and be treated as such by the Commission in the administration of the paragraphs specified. In the application of such provisions of section 20a in the case of any such corporation the Commission shall authorize the issue or assumption applied for only if it finds that such issue or assumption is consistent with the proper performance by each carrier which is under the control of such corporation of its service to the public as a common carrier, will not impair the ability of any such carrier to perform such service, and is otherwise compatible with the public interest.

As to issues of securities, liabilities, etc.

To be treated as a "carrier."

Assumption of obligations.

Control or management unification of two or more carriers.

"(6) It shall be unlawful for any person, except as provided in paragraph (4), to accomplish or effectuate, or to participate in accomplishing or effectuating, the control or management in a common interest of any two or more carriers, however such result is attained, whether directly or indirectly, by use of common directors, officers, or stockholders, a holding or investment company or companies, a voting trust or trusts, or in any other manner whatsoever. It shall be unlawful to continue to maintain control or management accomplished or effectuated after the enactment of this amendatory paragraph and in violation of its provisions. As used in this paragraph and paragraph (7), the words 'control or management' shall be construed to include the power to exercise control or management.

"Control or management", construed.

Transactions deemed effecting control or management.

"(7) For the purposes of paragraphs (6) and (11), but not in anywise limiting the application thereof, any transaction shall be deemed to accomplish or effectuate the control or management in a common interest of two carriers—

"(a) If such transaction is by a carrier, and if the effect of such transaction is to place such carrier and persons affiliated with it, taken together, in control of another carrier.

"(b) If such transaction is by a person affiliated with a carrier, and if the effect of such transaction is to place such carrier and persons affiliated with it, taken together, in control of another carrier.

"(c) If such transaction is by two or more persons acting together, one of whom is a carrier or is affiliated with a carrier, and if the effect of such transaction is to place such persons and carriers and persons affiliated with any one of them and persons affiliated with any such affiliated carrier, taken together, in control of another carrier.

"Affiliated person", defined.

"(8) For the purposes of paragraph (7) a person shall be held to be affiliated with a carrier if, by reason of the relationship of such person to such carrier (whether by reason of the method of, or circumstances surrounding organization or operation, or whether established through common directors, officers, or stockholders, a voting trust or trusts, a holding or investment company or companies, or any other direct or indirect means), it is reasonable to believe that the affairs of any carrier of which control may be acquired by such person will be managed in the interest of such other carrier.

Immaterial whether references to control relate to direct or indirect.

Control construed.

"(9) For the purposes of paragraphs (6), (7), (8), and (11), wherever reference is made to control it is immaterial whether such control is direct or indirect. As used in this paragraph and paragraphs (7), (8), and (11) the term 'control' shall be construed to include the power to exercise control.

Investigations authorized.

"(10) The Commission is hereby authorized, upon complaint or upon its own initiative without complaint, but after notice and hearing, to investigate and determine whether any person is violating

the provisions of paragraph (6). If the Commission finds after such investigation that such person is violating the provisions of such paragraph, it shall by order require such person to take such action as may be necessary, in the opinion of the Commission, to prevent continuance of such violation.

Commission to order discontinuance of violations.

"(11) For the proper protection and in furtherance of the plan for the consolidation of railway properties established pursuant to paragraph (3) and the regulation of interstate commerce in accordance therewith, the Commission is hereby authorized, upon complaint or upon its own initiative without complaint, but after notice and hearing, to investigate and determine whether the holding by any person of stock or other share capital of any carrier (unless acquired with the approval of the Commission) has the effect (a) of subjecting such carrier to the control of another carrier or to common control with another carrier, and (b) of preventing or hindering the carrying out of any part of such plan or of impairing the independence, one of another, of the systems provided for in such plan. If the Commission finds after such investigation that such holding has the effects described, it shall by order provide for restricting the exercise of the voting power of such person with respect to such stock or other share capital (by requiring the deposit thereof with a trustee, or by other appropriate means) to the extent necessary to prevent such holding from continuing to have such effects.

Control, interfering with Commission's consolidation plan or carrier's independence to be investigated.

Restricting voting power of controlling stock.

"(12) If in the course of any proceeding under this section before the Commission, or of any proceeding before a court in enforcement of an order entered by the Commission under this section, it appears that since the beginning of such proceeding the plan for consolidation has been reopened under paragraph (3) for changes or modifications with respect to the allocation of the properties of any carrier involved in such proceeding, then such proceeding may be suspended.

Suspension of proceeding in certain cases.

"(13) The district courts of the United States shall have jurisdiction upon the application of the Commission, alleging a violation of any of the provisions of this section or disobedience of any order issued by the Commission thereunder by any person, to issue such writs of injunction or other proper process, mandatory or otherwise, as may be necessary to restrain such person from violation of such provision or to compel obedience to such order.

Jurisdiction of district courts.

"(14) The Commission may from time to time, for good cause shown, make such orders, supplemental to any order made under paragraph (1), (4), (10), or (11), as it may deem necessary or appropriate.

Supplemental orders authorized.

"(15) The carriers and any corporation affected by any order made under the foregoing provisions of this section shall be, and they are hereby, relieved from the operation of the antitrust laws as designated in section 1 of the Act entitled 'An Act to supplement existing laws against unlawful restraints and monopolies, and for other purposes', approved October 15, 1914, and of all other restraints or prohibitions by or imposed under authority of law, State or Federal, insofar as may be necessary to enable them to do anything authorized or required by such order.
